Education

Duke University

B.S. in Computer Science, Expected 2018

Durham, NC

2014 - Present

The Mississippi School for Mathematics and Science

High School

Columbus, Mississippi

2012 - 2014

Work Experience

Software Development Intern

Duke LUCAS Project

Duke University

Oct. 2015 - Present

- Develop geographic information system (GIS) software to map geographic terrains and visualize geospatial information
- Design machine learning/learning classifier systems to model decision making processes in various political scenarios

Web Developer

Duke Study Match

Duke University

Sept. 2015 - Present

- Duke Study Match helps students enrolled in big lecture classes find peers to study with and set up group study meetings
- Wrote all code toward the design and functionality of the site

Coursera Teaching Assistant

Duke University

Duke University

Sept. 2015 - Present

- One of 4 TAs selected for a Google-sponsored course with over 2000 enrolled students
- Answer questions and help troubleshoot students' programming errors in HTML, CSS, Java, and Python

Undergraduate Teaching Assistant

Duke Computer Science 101 Course

Duke University

Jan. 2015 - Present

- Lead and teach a weekly lab programming section to roughly 30 students
- Hold weekly consulting hours where I assist students with issues in their code

Summer Undergraduate Researcher

Duke ALICE Project

Duke University

May 2015 - Jul. 2015

- Worked with Professor Susan Rodger on the Adventures in Alice Programming Project, a project that integrates programming into middle schools and high schools
- Coded new Alice materials in the Alice programming language and created new programming tutorials that will be used by teachers around the country

Technical Skills

Programming and Markup Languages

- Proficient in Python, Java, HTML, CSS
- Experience with C, R, Racket, SQL, Matlab

Relevant Coursework

- Computer Science 190S: Adaptive Web Development for the Modern Internet
- Computer Science 201: Data Structures and Algorithms
- Computer Science 230: Discrete Mathematics for Computer Science
- Computer Science 250: Computer Architecture
